

BATTERY COVER

208,30€

33700-001. These covers are pushing for the exchange to outright: The forms are already part of the K-design so that a revised color scheme highlights these elements perfectly. At the K 1200 S will be held an additional enhancement, since the unsightly plastic battery cover is replaced perfectly shaped. Extremely light and stable carbon-fiber material that is coated with a shiny hard plastic protective layer, which penetrates into the material and ensures maximum protection. Simply to exchange against the original. With ABE.
