R 1200 GS Adv. (2010 - 2013)

(Passt nicht orig. Lenkerstrebe breit)

R 1200 R ( - 2010)

Recommend:

Both the front hydraulic reservoirs are mounted in a fairly exposed position, and even a minor fall can cause expensive damage and maybe a premature end of a holiday trip.

After three of our own damaged reservoirs we designed these protectors, which are supported directly by the handle bar bolts and fastened, in addition, on the mirror mount. Common sense suggested the use of thick aluminium, able to transfer the impact to the sophisticated brackets without becoming destroyed themselves.

Highly recommended also with original/accessory hand protectors.

Complete with mounting kit.
