93,70€

44600-700. The innovative camera tripod for your BMW. We have created several camera racks for every different BMW's model, individually tailored and discrete for GoPro Hero/GoPro and similar cameras. Furthermore our product range is constantly expanding. Our goal is the same by every type: we want to guarantee an absolutely stable camera operating and wish to create an harmonic and coordinated design to every motorbike style. We'd like to provide you a product that satisfies every exclusive demand of the GuardConcept-Series, to all intents and purposes.

Unshakeable, stable and absolutely vibration-free.
