

## CLUTCH AND BRAKE RESERVOIR COVER SET

**104,10€**

27070-202. Shining example of the machining art in a vulnerable location. This is both “eye candy” and an extremely sturdy alternative to the unsightly original plastic cover. The facts: Significantly sturdier and distortion-free. Adds quality to the reservoirs, turning them into eye-candy. Made of solid CNC turned/machined aluminium. Self-securing locking thread. Quick and easy to fit – just swap with the original. Anodised titanium or silver. Made in Germany
