The factory spec R is delivered with a sporty sitting position that inclines toward the handlebar.

Anyone who does not like sitting bent over will find here the ergonomic symbiosis of the perfect touring posture with a relaxing long-distance travel sitting position. Small change – astonishing effect: In this way even longer tours will be a pleasure.

The facts:

25 mm height increase.
Improved handling.
More immediate feel for the ride.
Relaxed upright sitting position.
More mobility.
Individually machined of solid Dural aluminium (not cast).
Anodised.
Quick and easy conversion – no further changes required.
Complete with set of bolts.
ABE approved.

For the R models a raised handlebar is a particularly sensible investment, as the options for handlebar angle increase at the same time which in turn has a positive effect on rider posture. The bars are raised by 25 mm and brought slightly towards the rider. This riser has allowed every R rider who has tried it to find a completely personal setting. ABE approved.
