F 800 R (2012 – 2014)

Anyone who does not like sitting bent over will find here the ergonomic symbiosis of the perfect touring posture with a relaxing long-distance travel sitting position. Small change – astonishing effect: In this way even longer tours will be a pleasure.

The facts:

- 25 mm height increase
- improved handling
- More immediate feel for the ride
- Relaxed upright sitting position
- More mobility
- Individually machined of solid Dural aluminium (not cast)
- Anodised silver
- Quick and easy conversion – no further changes required
- Complete with set of bolts
- ABE approved

For the R models a raised handlebar is a particularly sensible investment, as the options for handlebar angle increase at the same time which in turn has a positive effect on rider posture. The bars are raised by 25 mm and brought slightly towards the rider. This riser has allowed every R rider who has tried it to find a completely personal setting. ABE approved
