

HANDLEBAR RISER K 1600

208,30€

45020-001. Handlebar rise of 15 mm for an even more relaxed sitting position on BMW's Super Tourer. The ergonomic symbiosis of perfect touring seat position and relaxed long distance travel suitability.

A barely visible modification, with a conspicuous effect. Thus even longer tours become a joy!

The facts:

- 15 mm height increase
- Better handling
- More direct riding feel
- Relaxed, upright, seating position
- More freedom of movement
- Individually milled from high-strength Dural aluminium (no casting!)
- Anodised silver
- Complete with screw set
- ABE tested
