

HANDLEBAR RISER – SILVER 20MM R NINET (2014 -)

72,80€

R nineT (2014 -) t

A barely-visible adjustment with a resounding effect. The risers are anodised silver and have some design features so they are nicely matched to their surroundings. As before, turning the original clamps by 180° is still possible.

Height increase of 20 mm.

Improved handling.

More direct riding feel.

Relaxed, upright riding posture.

Now it is possible to stand up when riding off-road riding without tiring and with better control.

Also available for vehicles with BMW navigation systems.

No modification to the vehicle necessary.

Individually milled from strong Dural aluminium (not cast!).

Complete with bolt set.

ABE approved/TÜV approval.

Made in Germany.
