

HANDLEBAR SUPERBIKE

62,42€

25816-002. Handlebar Superbike black: The rather flat variant of a Superbike handlebar, which forces the driver in an upright, but still sporty position and thus more dynamically integrated into the vehicle. An option not only for all R-riders who do not want to be so upright and active anymore. The classic is made of high-strength steel, outside Ø 22.2 mm, wall thickness 2.0 mm.

The facts:

Steel: outer diameter 22.2 mm, inner: 18 mm

width 740 mm

height 55 mm (upper edge of steering tube measured)
