Description

The authentic alternative to the typical chrome-covered or blacked-out look, the Harley-Davidson Brass Collection delivers a warm, hand-crafted look to your custom ride. These minimalistic "living finish" components make an industrial, garage-built styling statement and are the ideal addition to your stripped-down bobber or café motorcycle.

- Right Side Cover
- Manufactured from solid brass
- Natural antique finish will age and patina when exposed to the elements
- Factory treated with wax to slow the aging process
