

## HEPCO & BECKER ALURACK TOP CASE CARRIER

**155,70€**

45173-000. The AluRack for the G 310 GS is a high-strength and perfectly integrated base support that can be used as a luggage carrier as it is and also functions as a base plate for securing all Hepco & Becker und Krauser top cases as well as almost all top cases with universal adapter plates.

The facts:

Sturdy steel pipe carrier as replacement for the original carrier with aluminium divider

Divider with integrate plastic screen to cover the attachment points

The diagonal bracket for attaching the top case can't be simply folded away when not in use.

All-round practical attachment points for the luggage strap

For all Hepco & Becker and Krauser top cases as well as all top cases with universal adapter plates

Also highly suitable for attaching luggage rolls, bags, tent, etc.

Delivery includes easy to understand and thorough fitting instructions

Made in Germany
