

HEPCO&BECKER ORBIT SIDE CASE

478,10€

29990-500. True to their motto "Be different!", Hepco & Becker have created a product with the new Orbit Side Case that didn't exist until now – a product that polarises. "Just" a small case at first glance, on second glance it's a companion that's well-thought out in every detail. No matter whether it's for a weekend trip, a holiday or everyday errands.

The Orbit Side Case is also consciously different in looks to other side cases. The striking cover visually assumes the function of a reflector.

The All-In-One Lock design combines a cover latch and a belt lock and thus makes handling child's play. The Orbit Side Case can be combined with the Hepco & Becker C-Bow Holder. The bike thus cuts a good figure even without cases.

The facts:

Made of black, highly impact-resistant, UV-resistant plastic

Futuristic design thanks to recessed areas and high-quality, stand-alone surface finish with carbon structure

100% water-tight
