

## MICHELIN ULTRA H-D AIRSTOP 21 TUBE

**28,60€**

37070-000. This is not just your average inner tube. This tube is the ultra heavy duty tube made by Michelin. The tube is made of 4mm thick rubber and it features a reinforced valve stem. Flat tires are a big hassle and installing one of these tubes on your bike is great insurance and can potentially save you from extreme frustration. It fit the following tire sizes: 80/100 x 21 90/90 x 21
