

MITAS ENDURO TRAIL+ TIRE 150/70B17 69H TL/TT M+S

189,00€

- Features large chevron style block pattern and independent shoulder knobs for ideal handling & wear on tarmac combined with stable, predictable off-highway performance
- Uses a heavy-duty compound and is designed to give the best all round performance on any road in wet or dry conditions
- Can be used in combination with other E-07/E-07+ or Enduro Trail 60/40 & 50/50 tires for customized performance

- Standard version (non-dakar/no stripe) designed for adventure specific load, speed and performance conditions
- Designed for 60% road / 40% off-road use on adventure & dual sport motorcycles
 - E-07+ sidewall marking confirms the highly popular original design
 - Classified M+S for confidence on paved roads and gravel roads
 - Replaces E-07+ adventure product line.
- Recommended for all dual purpose adventure touring motorcycles.
 - Rear lug depth of 11 mm (0,43").
