

OXFORD POLTTOAINEPULLO 1.0L

24,90€

OXFORD POLTTOAINEPULLO 1.0L

Packing an emergency Fuel Flask means you'll never run out of fuel again and be left facing a long walk to the nearest garage. This leak-proof flask, available in 1L or 1.5L capacities, stores fuel safely and can be attached securely to your bike using Oxford **Bottle Stash**.

Key Features

- Reliable leakproof seal
- Body made from lightweight aluminium
 - Tough and durable construction
 - Polymer (POM) Screw Cap
 - Rubber O-Ring
 - Fuel capacity: 0.85L
 - Weight: 0.23kg
- Attach securely to your motorcycle with the Oxford Bottle Stash (OX837)

WARNING

- Do not fill past maximum fill line. The OXFORD Fuel Flask is designed to have a volume of empty 'space' left after filling. This allows fuel to expand and prevents leaks.
- Ensure the product and contents are securely fixed before every use.
 - Use as fuel can only.
 - Not for human consumption fluids.
