

REAR FOOTREST HINGED WITH RUBBER PAD

51,99€

44531-000. The rear original latches of many BMW models really are not really that chic. Alternatively, we've picked up these slender Tarozzi specimens, which look much more elegant and sporty, fitting one to one on most original recordings. With thread M 10 x 1.5, length of catch: 103 mm. Available in two versions with or without rubber pad.

Price per item.
