

REAR WHEEL COVER

311,56€

32150-001. A classy rear wheel cover, made of the finest carbon fibre, for connoisseurs and enthusiasts alike. The cover doesn't just look pretty; it also very efficiently protects the shock absorber from muck, rain and mud. The whole tail of the bike stays cleaner, and the need for tricky cleaning operations in concealed corners is reduced. With a built-in aluminium brace that curves away from the bracket into the carbon-fibre mudguard. Firstrate fitting precision, extremely clean workmanship. Easy and secure mounting on the brake caliper. ABE approved for models from 2001.
