

REGULATOR PROTECTOR – SILVER F650GS (2008–) F800GS (–07/2012)

58,00€

F 650 GS (2008 –)

F 800 GS (– 07/2012)

Protects the regulator from damage and turns a dull-looking functional part into something really worth seeing. The curved form carries the design motif over from tank and rear end. What is normally a rather blocky little box becomes a harmonious element of the overall design.

The facts:

Machined aluminium.

Silver anodised.

Simple to fit.

Made in Germany.

Sold complete with everything needed for an easy installation.

SKU: 27180-001
