

SCREEN DESIGN PAD – CARBON OPTIC F 650/800 GS TWIN

46,00€

F 650 GS (2008 -)

F 800 GS (- 07/2012)

The empty space below the instruments is not to everyone's taste. With this 3D carbon cover we give the somewhat unhappily shaped original screen a dynamic upgrade that, at a stroke, closes the unsightly gap between the headlamp and the instrument panel. The 2 mm (0.08")-thick clear-plastic finish (Plascal coating) underscores the classy 3D carbon look.

The cover is easy to fit as it comes with a special 3M adhesive coating on the reverse.

Made in Germany.
