

SIDE STAND ENLARGER

93,70€

32421-202. Additional insurance for the GS: fully loaded or on loose ground, a GS supported on the side stand can easily get bogged down. A precisely machined extension plate that can quickly be bolted to the side stand eliminates this risk.

The facts: Safe support for the machine on all surfaces. Compensates for the leaning angle of the motorcycle. Surface area increased by more than 100%. 8 mm (0.31")- thick Dural aluminium. With external machined teeth for easy fold out. Rustproof anodised black. Rust protection for the original stand plate. Cut-out for original foot lined with vibration-absorbing foam rubber. CNC machined. Easy to fit. Made in Germany
