

TESSERACT KULJETUSLAUKKU TGB BLADE 1000 LT EPS (120L) (1220X580X350MM)

~~350,00€~~ **262,00€**

TESSERACT Kuljetuslaukku TGB Blade 1000 LT EPS

This box is constructed specifically for TGB 1000 LT EPS quad and perfectly complements the image of the ATV. We took into account all the features of the ATV's luggage rack to ensure a perfect fit. The box quickly mounts and removes easily. There is no extra tool is needed. Quick-release fasteners included in the set fixates securely in the designated holes on the luggage rack.

High-quality lock latches do not protrude beyond the box sides and keep the driver's personal belongings safe and secure. The rubber gasket that seals the lid protects items from dust and water, even under severe conditions of use.

The ribbing increases the sturdiness of the box and blends perfectly within the overall design of the quad.

This box has a capacity of 120 liters and easily holds several helmets. It considerably increases the active storage capacity of your ATV luggage rack.
