For the **serial top case of the K 1600 GTL** and the **optional top case of the K 1600 GT** we have developed a **top case rack** that not only looks good, but is also extremely practical. It holds luggage, which needs to be accessed quickly or does not necessarily have to be stowed in the topcase – e.g. a rain suit. Visually the elaborate **rack** forms an attractive end to the powerful tourer.
