You like to feel the wind on your face, but without irritating turbulence, and value a visually-appealing closing up of the gap between headlights and instrumentsfl

Then our Flowjet windscreen is the right choice for you!

We have created a groundbreaking new design concept, which quickly and with minimal effort gives your bike a self-assured, aggressive look with proper windflow characteristics.

In its proportions this is the ultimate synthesis of perfect design and astonishingly thorough high basic protection. Moreover the front wheel is always visible.

The Flowjet simply replace the original screen and remains the adjustable in height.

Made of indestructible solid black ABS plastic., therefore the windscreen can be directly mounted without the need for painting.

Easy to fit.
