

WUNDERLICH ADAPTER FOR REAR CLOSURE SIXDAYS 2

166,60€

44814-000. The adapter makes possible the assembly of the rear closure SixDays 2 on R NineT's with missing/disassembled pillion footrest carriers. The construction consists of two precisely bored stainless steel pipes which are connected with one another via the stainless steel sheet and receive the contours and the flow of the seating bank / of the cusp. The adapter and the rear closure SixDays 2 visually merge to a unit and cleanly close the rear of the NineT.

The facts:

The absorption of the rear closure SixDays 2 (Art. No. 44116-002 & 44116-102) with disassembled pillion footrest carriers

Made of durable, powder-coated stainless steel

Incl. assembly material
