

WUNDERLICH AKTIVKOMFORT SEAT QUEENS-EDITION – STANDARD – BLACK F 900 R/ XR

544,00€

The facts:

Function

- + 40 mm seat width for passenger seat compared to the series
- A relaxed and active riding experience adds a definite plus to passive safety
- Ergonomic 3D contour to support the natural posture of the back and comfortable leg position while riding and standing
- Optimum seat contour for rider and passenger for better hold when braking
- The sitting pressure is equally distributed over a larger area, resulting in noticeably optimised weight distribution and lower specific pressure load
 - Ergonomic shape of the special foam to relieve the coccyx
 - Uncompromising long-distance comfort
- Greater comfort with **ThermoPro**: With our **ThermoPro** rider and passenger seats, the temperature of the seat surface is up to 25°C lower in full sun in high summer compared to conventional cover material.
 - Sweat-reducing, grippy cover material, combined with pin-tucks in Alcantara
- We've integrated a pocket into the underside, e.g. for a first-aid dressing and a hazard vest
 - Embroidered Wunderlich logo
 - Made in Germany
