

WUNDERLICH CASE CARRIER SPRAY PROTECTION

93,70€

37901-001. The two covers close the openings between the case carriers and the tail frame and create an appealing look. Dirt, stones and spray water kicked up are caught and deflected. This significantly reduces or prevents the dirtying or threat of damage to the case and seat, just as it prevents the passenger's clothes getting dirty or soaked. The silver colour variants of the spray protection represent an improvement in two ways. They keep dirt off and upgrade the look of the motorcycle at the same time.

The facts:

Function

Closes the opening between case carriers and tail frame

Protects against dirt

Appealing look

Installation: Simple assembly on the original points using cable ties
