

WUNDERLICH CRASH PROTECTORS G 310

62,40€

42161-100. Axis protection pad DoubleShock

Keeps the tar at a safe distance and protects the bike against severe damage.

The facts:

Effective protection.

Ideal combination of crash bar and pads: in case of a crash, the bike is now also supported by the crash pads.

Double protection against impact (integrated damping layer) and sliding damage.

High strength special plastic.

Safe and easy mounting.

Inclusive complete fitting kit.

Made in Germany.
