

WUNDERLICH DEVICE GLARE SHIELD BMW NAVIGATOR VI

31,20€

21070-302. With this high-quality glare shield for the BMW Navigator VI, the navigation display stays easily readable even when the sun is low.

The facts:

Suitable for the BMW Navigator VI (6)

High-quality glare screen made of UV-resistant, long-lasting ABS plastic

Best possible protection against direct sunlight

Guarantees display readability

Easy fitting thanks to the clip system

Specially developed for this navigation model

Perfect fit in form and function

Mobility and operation of the navi remains completely

Secure fit

Notice: This high-quality glare protection is not comparable with less expensive mass-produced goods, which can soon fall off of the motorcycle with vibrations and airflow!

Does not fit with the Cradle navigation panel.
