

WUNDERLICH ENGINE AND MANIFOLD PROTECTION »EXTREME« – BLACK R 1250 GS/GSA

353,20€

The flawless engine protection in a slim design for the GS and Adventure reliably protects the engine and manifold from damage.

Due to the form and the resulting stiffness, it proved possible to significantly reduce the material thickness and thus also the weight.

The facts:

- High-strength powder-coated aluminium engine protection moulded in a hydroforming process
- Manufacturing process guarantees maximum stiffness and best possible protection
 - Protects engine, manifold and catalytic converter
 - Maximum ground clearance
 - The design means snagging is impossible
 - Goes perfectly with our centre stand protection plate
- Additional carrier for complete impact decoupling between protector and engine housing
 - Maintenance operations possible with no dismantling
 - With inspection drill hole for oil drain screw
 - Complete fitting kit

Technical data

- Material: Aluminium, high-strength, black powder-coated
 - Dimensions (LxWxH): 585 x 394 x 178 mm
 - Thickness: 3 mm

Special features

- Wunderlich. Small batches. Made by hand.
 - Integrated Wunderlich design
 - 60 days right to return
 - 5-year warranty
 - Made in Germany

SKU: 26850-302
