

WUNDERLICH "ERGO" HANDLEBAR RISER FOR MODELS WITH BMW SAT NAV

135,40€

25800-201. A huge boost in riding comfort in every respect and improved handling. The F 850 GS feels even lighter and more agile. A barely visible modification that has a massive impact!

The facts:

20 mm height increase

Better handling and a more direct riding experience

Relaxed, upright sitting position

Now possible to ride standing up when off-road = More fatigue-free riding and better control

No changes required to the vehicle

Individually milled from high-strength Dural aluminium (no casting!)

Anodised in silver

Quick and easy assembly without any further modifications

Complete with screw set

With ABE

5-year warranty

Note: For vehicles without an original sat nav holder, you need the handlebar riser 25800-101.

SKU: 25800-201
