

WUNDERLICH HANDLEBAR CONVERSION R 1200 RS LC

311,60€

31000-501. This tube-style handlebar conversion replaces the stub handlebar of the RS with our exclusive and ergonomic yet sporty tube-style handlebar. The more upright seating position not only makes the RS much better for long distance journeys, it also significantly improves handling.

The facts:

Ergonomically offset handlebar for optimum seating position

Pre-drilled for easy fitting of the handlebar fittings

Aluminium tube-style handlebar with 32 mm diameter

Width / height / offset 798/100/172 mm

Brackets/small handlebar brackets included in delivery

Incl. adapter for attaching the original handlebar ends

Fine finish, pearl blasted

Available in black or silver

Also available undrilled

With ABE
