

WUNDERLICH HANDLEBAR RISER – 20MM – SILVER F 800 GT

62,40€

F 800 GT

A barely-visible adjustment with a resounding effect: Height increase of 20 mm.

Improved handling.

More direct riding feel.

Relaxed, upright riding posture.

Now it is possible to stand up when riding off-road riding without tiring and with better control.

No modification to the vehicle necessary.

Individually milled from strong Dural aluminium (not cast!).

Anodised silver.

Complete with bolt set.

TÜV approved.

In every respect a huge gain in rider comfort and improved handling feel. The GS feels even lighter and more agile. Simple to fit in seconds and without the need for any other modifications.

The increased height allows more adjustment of the handlebar tilt to further improve the sitting position.

Sold as a complete set incl. bolts and ABE approval.
