

## WUNDERLICH KAHVAKUMIN PEHMIKKEET, GRIP PUPPIES, BMW MOOTTORIPYÖRIIN

**26,90€**

As simple as effective: the "Grip Puppies" are designed for your motorcycle handles. They can be easily pulled over the standard handles, without the need to be removed or treated. The material is soft, absolutely comfortable, slip-resistant and lies perfectly in the hand. Vibrations of the handlebar are significantly reduced and due to the larger circumference are the handles more comfortable. The material retains its consistency, even in long terms.

The facts:

- Material thickness 3,8 mm.
- Material neoprene.
- Length 12,7 cm.
- Suitable for a handle circumference from 3,17 cm to 3,68 cm.
- The Length is shorable.
- Can also be used with heated grips.
- Reduced vibrations.
- No removal of the original handles necessary.
- Perfect comfort.
- Very good grip comfort.
