

WUNDERLICH. ÖLJYPOHJAN SUOJALEVY R1200GS HOPEA

52,00€

The engine protector prevents the aggregate of the motorcycle from severe damage caused by whirled stones or touching the ground. For those who are absolutely sure that they will never drive off-road, we offer an easy-to-handle engine housing protector made from stable aluminium, as alternative to the big engine protector.

The protector is mounted with two screws to the sensitive front of the engine and prevents it from any damage.
