

WUNDERLICH ROCK GUARD SET FOR ORIGINAL BMW ENGINE PROTECTION BARS. – SILVER R1200GS/GSA LC

104,10€

R 1200 GS LC (2013 - 2016)

R 1200 GS LC (2017-)

R 1200 GS LC Adv. (2014-)

The original engine protection bar is capable of withstanding impact but will not protect the heads and cylinders from thrown up road debris or protruding rocks in the worst case scenario.

The Facts:

Protects the cylinders from airborne rocks, debris, etc.

Multiple attachment points help securely attach the lightweight aluminum panel.

Quality finish: Hard anodized in silver or black.

Incorporated air inlets.

Supplied with fitting kit. Easy to install.

Made in Germany.

Illustration shows product in silver.
