

## WUNDERLICH SIDE STAND ENLARGER – BLACK K1600B/ GRAND AMERICA

**63,90€**

K 1600 B (-2021)

K 1600 B (2022-)

K 1600 Grand America

The life insurance for the **BMW K 1600 B**: The **smaller contact area** of the original **side stand** inevitably sinks the **K 1600 B** into hot tarmac as well as just on lightly chewed up ground – a very expensive joke with the **K 1600B** especially.

A precisely milled **widening plate** that can be quickly screwed onto the **side stand** effectively eliminates this design flaw.

And to ensure that the **side stand** can be easily folded out with the heel of your boot, we've also incorporated **external teeth**.

### The facts Wunderlich side stand enlarger K 1600 B:

- High machine stability on all surfaces
- **Side stand extension for BMW K 1600 B**
  - With non-slip, serrated **fold-out aid**
- Over **approx. 100% larger contact area**
  - Oxidation-proof black anodised
- Milling groove for original contact equipped with foam rubber
  - CNC-milled from solid, high-strength aluminium
  - Easy fitting

An extremely simplified **extension** that is barely visible when the **side stand** is folded in. Only the

serration stands out as a technical treat.
