

## WUNDERLICH SWING ARM NUMBER PLATE HOLDER CENTERED

**301,10€**

38981-302. Discretely and lightweight number plate bracket which integrates excellent into the sporty line of the Roadster.

The facts:

Sturdy pipe construction made of stainless steel.

Powder-coated

Cable bushing hidden in the pipes

LED number plate lighting, can be mounted on top or on side.

Number plate is adjustable in height and inclination

Easy mounting

Combinable with knobby tires, 180 and 90 tires

In combination with the "Enduro" rear conversion (27761), the indicators can be installed on the Swing number plate carrier. Please also order the indicator holder 38983-102 for this purpose.
