

WUNDERLICH TAIL CONVERSION- TAIL FARING R 1200 R / RS LC

129,00€

44810-000. The long license plate holder for the R 1200 R LC and RS LC is anything but pretty and juts out unattractively from the back. This tail section made of black, sturdy plastic gets the number plate closer to the vehicle and creates a successful and attractive tail section. You can combine it with our license plate or shaft drive license plate. Various blinker combinations are also possible. Easy mounting, great effect.

Tail fairing for combining with the "Sport" or "Swing" license plate holders and the "M-Pin" or "CUBE" blinker sets.

"Sport" license plate holder item no.: 38982-102 or

"Swing" license plate holder item no.: 38982-002

"M-Pin" blinker set item no.: 38983-002 or

"CUBE" blinker set item no.: 44811-002

SKU: 44810-000
