

WUNDERLICH TAIL SECTION R NINET

311,60€

44116-002. This beautifully designed tail for the R nineT consists of a semi-circular frame closure that mounts easily and with a perfect fit thanks to conical adapters as well as an expensively worked cover plate that is mounted with a precise fit and unobtrusively under the seat.

The facts:

- Easy fitting thanks to the fitted manufacture
- Drilled holes in the plate for attaching the mudguard
- Frame closure with recess for tail light
- Electrical connections via plug, no soldering required
- E-proved tail light (Devils Eye) included

Note:

The frame closure can also be delivered without the recess for the tail light (item no. 44116-102)

This tail section can be expanded with our mudguard (item no. 44850-500)

Additionally, the following optional licence plate holders are available:

Licence plate holder R nineT black (item no. 38981-002) - in combination with part 38981-002 only for sport use

Swing arm licence plate holder R nineT hollow black (item no. 38981-302)

Licence plate holder Retro Sport R nineT (item no. 38981-400)
