

WUNDERLICH TANK CRASH BAR G 310 GS

208,30€

40574-002. This tank protection bar is not only reliably protecting the tank, it is also protecting the fairing and the high vulnerable radiator. Furthermore the G 310 GS becomes a distinctive and individual look. The tank protection bar can be mounted both with our crash bar and with the original BMW crash bar, or with any other cylinder guard.

Please note The tank crash bar is only mountable in combination with our engine crash bar (Part-No.: 40573-002)

The facts: Protection of radiator/fans, tank fairing and stam.
