

WUNDERLICH WINDSHIELD SPORT – SMOKED GREY 2014–20 S1000R

170,00€

35751-002. The sport windshield with an optimal profile and uniformly distributed approaching flow at any speed.

The facts:

Pronounced spoiler and DoubleBubble outline with a large wind deflection (up to the headlights). Optimal approaching flow without turbulences in a laying position. Uniform approaching flow in a sitting position.

Clear vision without streaks. Optical pure.

Height: 245 mm

High-end windscreen made of 4mm thick Lexan, scratch-resistant and break-proof.

Rounded and polished edges (no edge protector needed).

Aspirating hole with an elaborated profile.

Black coloured in the instrument area

Petrol-resistant and UV-proof.

ABE approved. For all R-bikers who drive quite fast and don't like to do without a good wind protection. Also tall bikers can find a good protection behind this windshield. The helmet area is considerably released thanks to the pronounced spoiler and safe from annoying turbulences.
